

# Colds on the Chest

Ask your doctor the medical name for a cold on the chest. He will say, "Bronchitis." Ask him if it is ever serious. Lastly, ask him if he prescribes Ayer's Cherry Pectoral for this disease. Keep in close touch with your family physician.

We publish our formulae. We have a list of our medicines. We are not a drug store.

When you tell your doctor about the bad taste in your mouth, loss of appetite for breakfast, and frequent headaches, he will say, "You are bilious." Ayer's Pills work well in such cases.

Made by the J. C. Ayer Co., Lowell, Mass.

She Was Too Quick.

There were three at the little table in the cafe, a lady and two men.

Suddenly the electric lights went out, and the lady, quickly and noiselessly, drew back.

An instant later there was the smack of a compound kiss. As the electric lights went up each man was seen smiling complacently.

"I thought I heard a kiss," said the lady, "but nobody kissed me."

Then the men suddenly glared at each other and flushed and looked painfully sheepish.—Cleveland Plain Dealer.

It Might Be Worse.

Restless Roger—it always makes me and, old pal, to think that this earth is two-thirds water.

Sandy Pikes—O, cheer up! Suppose the rest of it is soap instead of land.—Ally Sloper's.

Nothing Miraculous.

"You had rheumatism in your right leg for years and were cured of it in an instant? How?"

"By being accidentally mixed up in a train wreck. My right leg is a cork leg now."

Eighty Is Plenty.

The other morning we saw a man 80 years old going into a doctor's office. It seems to us that if we were 80 we would have enough.—Lacun (Ill.) Journal.

Howard E. Burton—Lawyer and Chemist.

Leeds, Conn. Burton, printer, told us that he had been in the law for 30 years. He said that he had never been in a law office for 30 years. He said that he had never been in a law office for 30 years. He said that he had never been in a law office for 30 years.

Latest Consumption Cure.

British and American physicians and students of tuberculosis are much interested in the claim authoritatively made in London concerning the success of a new treatment for tuberculosis discovered by William Dole, a layman.

The nature of the treatment is a poultice containing acetic and chloride to be placed on the body near the affected membrane or bone.

In about a week an ulcer is formed, connected by what is called a ray of inflammation with the diseased organ.

This forms a duct through which the pus is drawn out. The ulcer needs to be carefully dressed twice a day with a certain salve.

The cure of the diseased lungs is said to be effected in from four to six months.

Pettit's Eye Salve for Over 100 Years.

has been used for congested and inflamed eyes, removes film or scum over the eyes. All druggists or Howard Bros., Buffalo, N. Y.

His Summer Game.

A summer game my fancy suits—It is the game of picking routes.

Ab, often has ambition soared To routes that I could never afford.

I study folders, and the trains, And find rare pleasure in my pains; And yet, 'tis strange, I never use The routes that thus I pick and choose.

CRESCENT BAKING POWDER.

CRESCENT MFG. CO. MAKERS OF MAPLEINE (better than Maple).

Colorado Picking Apples.

Canon City, Colo., Oct. 12.—Upon appeal to the Merchants' association, every available hand is working to save the \$1,000,000 apple crop, which is threatened with frost.

Bankers and farmers are joined together. With all schools above the fourth grade, including two high schools. The postoffice has contributed part of its force, and section men are also working in the orchards.

Trustees from the state penitentiary and from the prison farms are among the pickers. Tonight the mercury is at freezing, but clouds promise relief from serious danger.

Packers to Pay Big Fine.

Leavenworth, Kan., Oct. 12.—The case against the Cullaby Packing company for violation of the internal revenue laws by failing to place stamps of proper denomination on packages of oleomargarine came to an end here today by a compromise, when the packing company was fined \$5000 and agreed to pay back stamp tax of \$82,777.50 and special tax of \$10,000 for agencies, making the total of \$97,777.50 to be paid by the packing company to the government.

Fire Nips \$1,000,000 Home.

Nagsansett Pier, R. I., Oct. 12.—"Conochet," the home of ex-Governor William Sprague, one of the most beautiful estates in Rhode Island, was destroyed by fire early today, with all its contents. The total loss is estimated at \$1,000,000, with no insurance.

# HURRICANE ON GULF

Fierce Storm Does Great Damage in Florida and Cuba.

LOSS MAY REACH TO \$2,000,000.

Hundreds of Homes Wrecked—Local Troops in Charge and Martial Declared at Key West.

Key West, Fla., Oct. 12.—As a result of the hurricane which struck the southern coast of Florida today, Key West tonight is a mass of wreckage, and the damage to property is estimated at \$2,000,000.

Martial law was proclaimed, and the Key West guards took charge of the city.

The United States government has been asked to dispatch troops here without delay.

Chaos reigned on every hand, and few people remained in their homes. Hundreds of houses were totally wrecked, and others damaged.

While the hurricane is the worst that Key West has ever experienced, the local weather observer said tonight that the indications are that the entire east coast of Florida would suffer.

One hundred vessels were in the harbor, but five remained at anchor, the others having either gone to sea or been washed upon the beach. Streets along the waterfront are a mass of wreckage.

Bricks, as well as frame buildings, throughout the city suffered from the hurricane, and many close escapes from death have been reported.

Several factories were partly destroyed, including the Havana American, Martinez, Nichols, Roy Lopez, Manuel Lopez, Fleitas Torres, Cortes and Wolf cigar factories. The top of the First National bank was blown off and the postoffice is damaged.

It is known that many have suffered serious injury, and unconfirmed reports say that several lives have been lost.

The storm reached its height at 1 o'clock today, when the wind had an estimated velocity of 100 miles an hour. This was a hard, steady blow from S. A. M. to 3 P. M. when the gale began to die down, and by 4 o'clock the center of the hurricane had passed this point.

As soon as the wind had subsided plundering began. The city police force was unable to cope with the situation, and the mayor decided to take stringent measures to suppress looting. His proclamation of martial law resulting.

Almost every nationality is represented among the city's population of 20,000, one-half of whom are employed in cigar manufacture, fisheries and salvage companies.

CUBAN FRUIT CROP SUFFERS.

Damage in Vicinity of Havana Estimated at \$1,000,000.

Havana, Oct. 12.—The most serious tornado since the big blow of October 17, 1906, struck Cuba early today, devastating the western portion of the island. In Havana many minor buildings were blown down or unroofed, five persons were killed and about 25 were injured.

The greatest damage done was in the harbor, where forty or fifty lighters, many launches and small tugs were either sunk or blown ashore.

At Sana Blanca great anxiety was felt throughout the day for the safety of the Ward liner Morro Castle, from New York, and of the plant line steamer Miami, from Key West.

Both of these steamers, however, arrived safely at 5:30 this afternoon.

The total damage in Havana and vicinity is estimated at \$1,000,000.

Communication with the interior has been interrupted, except with parts of Havana and Pinar del Rio provinces, in which orange and other fruit crops suffered severely.

There were heavy floods at Vueta Abajo, the tobacco region, but the tobacco crop has not been seriously affected beyond the washing out of the seed beds, which at this season of the year may be renewed.

Japan American Jokes.

Schenectady, N. Y., Oct. 12.—At a dinner given by the General Electric company tonight, the honorary commercial commissioners of Japan, who had passed the day inspecting the largest electrical manufacturing plant in the world, were entertained by the West & Sons club with a minstrel show.

The endmen, who were Japanese, dressed and disguised, twisted several American jokes into Oriental sayings and sprung them in their native tongue. Blank surprise on the faces of the guests gave way to hearty laughter. Even the white men joined in.

# FARM CENSUS ECONOMY.

Director Durand Hopes to Save Several Hundred Thousand Dollars.

Washington, Oct. 11.—U. S. Census Director Dana E. Durand hopes to save several hundred thousand dollars in taking the census of agriculture and also to increase the accuracy of the statistics.

The director stated today that at the census of 1900 the agricultural data were handled by means of punched cards. For each farm a large number of cards had to be punched, as the number of facts recorded regarding a farm was far greater than the number of facts required regarding an individual in the population census.

Director Durand said the statistics of population and of agriculture are collected by a different force from that employed in gathering the statistics of manufactures. The population and agricultural data are secured by enumerators of whom there will be about 65,000 at the present census, they in turn being appointed by the supervisors, of whom there are about 330. The difficulty of securing competent and faithful enumerators is very great.

The length of service is very short, 15 days in the cities and 30 days in the country districts. The pay is small, averaging perhaps three dollars per day in the country districts and a trifle more in the cities, practically the pay of ordinary mechanics. Not only, therefore, are most of those who seek to be enumerators able to command only moderate pay in their occupations, but many of them are men who cannot command regular employment and who are looking for odd jobs.

The director hopes that a considerable number of the colleges and universities of the country may see fit to give leave of absence to their students for the short time required to do this work of enumeration. The college student is a very useful enumerator in some cases, but it is exceedingly desirable that enumerators should actually live in the districts where they work, and there are multitudes of districts where no college students reside or where such students are in institutions hundreds or thousands of miles from their homes.

Another class who can render good service as enumerators are school teachers, but, with the enumeration taking place in April and May instead of June as formerly, few school teachers can be spared from their duties to take the census.

DRY FARMING CONGRESS.

Great interest is shown from all parts of the country.

Billings, Montana, Oct. 11.—An interesting example of the widespread interest in the dry farming movement was given in the morning mail received by the secretary the other day when fourteen states and Canada were represented in the membership records.

These ranged from the Pacific coast to the West to Pennsylvania on the East and from Canada to New Mexico.

There were several memberships from Canada. The states from which the applications came were California, Colorado, Idaho, Montana, Minnesota, Missouri, Nebraska, New Mexico, North Dakota, Oregon, Pennsylvania, South Dakota, Washington, and Wisconsin.

Memberships are being received at such rate that the edition of the Handbook of Information, which contains the report of the third session of the congress, has been exhausted and the secretary has been compelled to announce to new members that there are no more of these valuable books available.

All persons joining the congress from this time on will receive the second annual Handbook which will contain the proceedings of the Fourth Dry Farming congress which will meet at Billings, Montana, October 26-28, and a resume of the contents of the first edition.

The officers of the congress set out after the close of the Cheyenne meeting with the ambition of making the membership of the congress total 10,000 before the Billings meeting and the indications are that they will come very near that goal. In one day recently the secretary received 180 memberships coming from all parts of this country and from several foreign lands. Every mail brings more.

Say Anti-Betting Law is Void.

New York, Oct. 11.—The Coney Island and Brooklyn jockey clubs, which were indicted recently with 30 bookmakers and detectives for alleged violation of the law against betting at racetracks, served notice today that they would on October 15th propose a demurrer on the ground that the Hart Agnew law was unconstitutional. They assert that the special election which sent William C. Wallace to the state senate from Niagara county was illegal. Without Mr. Wallace's vote the bill would have been defeated.

Wins Riches in Old Age.

Los Angeles, Oct. 11.—By a decision of the United States circuit court of appeals today, Timothy Carroll, a pioneer of Southern California, wins his fight to compel the Los Alamos Sugar company to pay him royalty on his patent beet dump.

The decision crowns with victory the struggle of Carroll, who is 70 years old, against poverty and hardship before the expiration of his patents six years hence. It will put an end to litigation that commenced 12 years ago, when the sugar company refused to recognize Carroll's rights.

Improve Immigrant Station.

El Portal, Cal., Oct. 11.—One direct result of President Taft's trip to the West has been the immediate improvement of immigration conditions at San Francisco. By the president's direction Secretary Nagel ordered that the new immigrant station on Angel Island, San Francisco harbor, be opened at once. The opening of this station had been held up for a long time for want of an appropriation for furniture and supplies.

Riches Fall on Old Man.

San Antonio, Tex., Oct. 11.—James Fagan, an aged switchman here, received official word today that a Carnegie pension of \$40,000 was awaiting his disposal. Fagan worked on the Pennsylvania railway when Mr. Carnegie was his division superintendent, and the \$40,000 is accumulation of a snug pension put aside some years ago for the switchman.

A Good Listener.

The Mistress—Katie, you should not talk so much.

The Maid—No, ma'am.

"No; you should understand that it is your place to listen."

"I do that, ma'am."

"I never saw you when you were then."

"No, ma'am; you never saw me when I was listening because I was on the other side of the keyhole, ma'am.—Yorkers Statesman.

To Beat in New Shoes.

Always shake in Allen's Foot-Powder, a powder, cures hot, aching, itching, swollen feet, prevents any kind of blisters. At all druggists and shoe stores. Do not accept any substitute. Sample mailed FREE. Address Allen S. Gurnett, Los Angeles, Cal.

With Emphasis.

"Yes," said Mrs. Highmore, "we have just returned from a trip through the highways and byways of Europe."

"Just what do you call the 'byways'?" asked Mrs. Upson.

"Well, they are the places where my husband—used strong language about the hotel accommodations."

Growth of the Idea.

"Remember, my son, there is no short cut to learning."

"O, yes, there is, dad. All you have to do nowadays is to read five feet of books."

Stiff neck! Doesn't amount to much, but mighty disagreeable. You've no idea how quickly a little Hamlin's Wizard Oil will lubricate the cords and make you comfortable again.

Had Time to Spare.

Joachim Miller was once overtaken by a countryman who gave him a long ride. Tired at length of the conversation, the poet took a novel from his pocket. "What are you reading?" asked the countryman.

"A novel of Bret Hartley," said Mr. Miller. "Well, now, I don't see how an immortal being wants to be wasting his time with such stuff."

"Are you quite sure," said the poet, "that I am an immortal being?"

"Of course, you are."

"If that is the case," responded Miller, "I don't see why I need to be so economical of my time."—Boston Herald.

Recognizing His Opportunity.

Gentlemanly Caller—Of course you will want some new books now.

Member of School Board—I think not. All our purchases are made and are in the hands of the children, or will be in a day or two.

Gentlemanly Caller—Yes, but your geography are old-fashioned, you know. We are running a specially prepared, up-to-date edition through our press right now, with the north pole plainly marked where Dr. Cook discovered it. How many thousand copies do you think you can use?—Chicago Tribune.

One on the Old Man.

"Grandpa, how many letters in the alphabet have more than one syllable?"

"Let me see, Tommy; a, b, c, d, e, f."

"You didn't learn your letters very well when you were a boy, did you, grandpa?"

Recognizing His Opportunity.
